

REGIMENTS WIN

Excellent Game Played
and no Protests.

Wilder Made a Home Run—Luahwa Retired From the Barracks' Team.

The Regiments cut another notch in their list of games won by getting three more runs than the Star team in Saturday's game. Up to the fourth inning the Stars were the favorites. Hennessy had taken no practice for two weeks, and, until he had played a few innings, pitched poor ball. When he loosened up he did very well, and the men, with a single exception, backed him up. Moore played a good second base, but added to the score of the Stars by a wild throw to third.

Luahwa was in bad form for some cause or other, and after miffing one fly ball and using bad judgment on another and missing it, weakened in the estimation of the audience. In the sixth inning he struck out in a way that displeased the other members of his team, and in the seventh inning he was taken out of the field and substituted by Mayne. The first ball sent to right field was pulled down by the latter.

Wilder, for the Stars, sent the ball down to the left field fence once, and made a home run. Hart pitched a good, strong game, but even with the support his team gave him, the game was lost. Following is the game by innings:

Rothchild's School.

The largest school in the world, says the Atlanta Constitution, is one main-

ly supported by Baron Rothschild in one of the worst slums of London. There are in it 3,500 children coming from the families of the poorest foreign Jews, and there are a hundred teachers. It is owing to the baron's generosity that free breakfasts are given every morning to all children who wish to take them. Again, he presents every boy with a suit of clothes and a pair of boots in the month of April, near the Jewish passover. An idea of the poverty of the children may be had from the fact that not more than 2 per cent. decline to avail themselves of this charity. A second pair of boots is offered in the month of October to every child whose boots are not likely to last during the approaching winter. It is scarcely necessary to state that few do not get them. A very popular feature in the school is the savings bank department instituted by the president. In order to encourage habits of thrift, he allows an interest of 10 per cent. per annum on all savings. The teachers are also permitted to avail themselves of the benefits of this bank.

POWERS WILL INTERVENE.

Differences Between Greeks and Turks Will Be Settled.

CONSTANTINOPLE, July 26. — At the sitting of the Peace Conference today the Ambassadors presented the peace preliminaries drafted by the powers, which provide for European arbitration of any difference that may arise between the Greek and Turkish plenipotentiaries in arranging a definite treaty. It is stated that the powers will insist upon the acceptance by the Porte of this provision, and its reception, therefore, by the Sultan will be highly significant.

The desire of Germany to institute a European control of Greek finances still hampers the settlement of the indemnity question.

It is understood that the Volo-Larissa Railway will be transferred to the Greek administration, with the stipulation that the same facilities shall be granted to Turkey for the transportation of troops as are granted to Greeks. This, therefore, does not indicate an intention on the part of Turkey to evacuate Thessaly, but is merely a measure of economy.

He Met the President.

Secretary Sherman says he never will forget his first meeting with a President. It was shortly after Lincoln's inauguration, and he attended a public reception, fell into line, and waited an hour or two for a chance to shake hands with the Great Emancipator.

"During this time," says Mr. Sherman, "I was wondering what I should say and what Lincoln would do when we met. At last it came my turn to be presented. Lincoln looked at me a moment, extended his hand, and said: 'You're a pretty tall fellow, aren't you? Stand up here with me, back to back, and let's see which is the taller.'"

"In another moment I was standing back to back with the greatest man of his age. Naturally I was quite abashed by this unexpected evidence of democracy. 'You're from the West, aren't you?' inquired Lincoln. 'My home is in Ohio,' I replied. 'I thought so,' he said; 'that's the kind of men they raise out there.'—Chicago Times-Herald.
